Education

B.Tech in Computer Science and Engineering (CSE) | 2027
Maulana Abul Kalam Azad University of Technology (MAKAUT)

Objective

Highly motivated B.Tech student in Computer Science with experience in content creation, project development, and artificial intelligence. Skilled in leveraging AI tools like **GPT and Gemini** to streamline problem-solving and enhance productivity. Passionate about building new projects and contributing to impactful innovations through technical and creative solutions.

Skills and Expertise

AI Tools: Proficient in GPT, Gemini – solving complex challenges, automating tasks, and building creative solutions

Programming & Development: Python, JavaScript, React

Productivity Suites: Google Workspace, Microsoft Office Suite

Version Control: Git, GitHub

Software Tools: Visual Studio Code, PyCharm

Soft Skills: Critical thinking, problem-solving, team collaboration, independent work, strong communication, adaptability

Project Management: Handling multiple priorities, delivering high-quality outputs, and meeting deadlines

PROJECTS

1. News Sentiment Analysis Dashboard

- Developed a machine learning-powered dashboard to analyze news article sentiments.
- Implemented NLP models to classify articles and integrated visualizations for insights.

2. Personal Development Hub

- Created a platform for self-improvement, featuring a global ranking system based on user performance.
- Developed tools for tracking progress through questionnaires and analytics.

Experience

Content Creator & Editor |

Self-Managed | (2023 – Present)

- Created content on society, knowledge, and technology for various platforms.
- Managed end-to-end content production, including research, writing, and editing.

Key Accomplishments

- **Built multiple innovative projects** using AI tools to enhance workflows.
- **Delivered high-quality client projects** within tight deadlines.
- Recognized for excellence in AI-based projects during coursework.

Additional Information

Passionate about **new technologies** and committed to continuous learning.

Available for **remote and hybrid work opportunities**.

Love building new projects and exploring innovative ideas.
